NORWAY AND VICINITY
The Carrolls were defeated by the Lewiston team at the state fair Thursday. A score of 7 to 3 was made in clay mud and puddles with an infield like ploughed ground.

Dr. Bartlett was recently brought into town on a rope. The latest fad is the chicken button which the young students are popularizing in town. Every person who buys one is sending their money direct overseas by way of the American Committee for Devastated France.

Fred Gregg and Homer Truman are playing Farmington fair with their wrestling show, this evening. The home department of the Methodist Church will meet with Mrs. Ella Knightly on Main street, Friday at 2 o'clock. The lessons for September will be studied.

A Liberty Loan exhibit will be given in the Henry B. Foster window. A personal message from Governor Milliken will be among the interesting things on display.

Mrs. Florence Haskell of Harrison is stopping with Mrs. Asa Young of Deering street. Mrs. V. LaForest Thomas, who has been living with her parents, Mr. and Mrs. Augustine Pottle on Fair Street, since her marriage in August, is to close her engagement as stenographer at the Novelty Turning Co. and join her husband, who is conducting the home farm with his father, William Thomas, at East Oxford. They will reside there permanently.

The Ladies' Circle of the Universalist Church, who were to hold an all day meeting Friday at the home of Maud DeCoster have indefinitely postponed the meeting because of sickness.

Mrs. and Mrs. Elmer Packard are packing up a part of their household goods to move to Auburn. They expect to leave about the first of October for that city, where they will make their home for the winter at least. Mr. and Mrs. George Hathaway and Mr. and Mrs. Homer Luck are to occupy the rent vacated by them and will close their home on Pleasant street this winter.

Adeline DeCoster has been confined to her bed with the gripe for the past week. Dr. and Mrs. L. K. Moorhouse, Mrs. Annette Cruse and Pearl Cook moved to Lewiston Wednesday and went to the musical comedy, "Chin Chin" playing at the Empire.

Alfred Whitman Chapter D. A. R. will meet with Mrs. Laura A. Sauton Wednesday evening, Oct. 2. It is hoped there may be a large attendance as there are important matters of business to discuss. The program for the evening is:

Roll Call, Battleships named for American Heroes. "Tilley"..... Mrs. Sadie Martin Reading. "The Cock of Tilley"..... Mrs. Clara Luck Reading. "Tilley Thanks"..... Mrs. H. H. Jones

Mr. and Mrs. Elmer Brown and family will spend the week-end with Mr. and Mrs. Edwin Durose of Island Pond, Vt. Capt. W. W. Whitman and wife observed the 50th anniversary of their marriage on Sunday, the 22d. Many friends called to express congratulations and leave tokens of remembrance of the event. Refreshments of ice cream and fancy cookies were served.

Norway's quota in the drive for clothing for the Belgian refugees is 250 pounds. The quota for all Southern Oregan and County Chapter American Red Cross is one ton. The drive ends Monday night, Sept. 30. Thus far Norway has lagged in making contributions. This, because Norway people do not understand how pressing is the Belgians' need, men, women, and children for clothing and shoes. The Belgian refugees have dress- ing in rags and now their rage are worn out. They are at the edge of winter and many will die if this second-hand clothing is not delivered. With fuel reduced to the minimum, with food scarce and each day a tragedy they must have clothing or die. America is the only country they can turn to for relief. Last year Norway responded nobly. This year Mrs. Hugh Pendexter, chairman of the county chapter, is confident Norway will do her share. The American Red Cross will be pleased to receive all that will be given over the 250 pounds minimum, but will be greatly disappointed if the minimum in each town is not contributed. Those who have parcels are requested to leave them at the Armory. When the Armory is not open the parcels may be deposited in the large box outside.

Dr. Yeaton says: "Save peach stones and other fruit stones and the Girl Scouts will call for them. Have them dried. Don't fail to do this. Mrs. Wm. C. Leavitt recently got \$20.40 for 30 dozen eggs sent to Boston. It figured 68 cents net per dozen. Do you suppose she failed to make a profit?"

SEARCH FOR NEW LAND ABOVE THE ARCTIC CIRCLE
Dr. Donald McMillan, who accompanied Dr. Peary in his expedition to discover the North Pole will lecture in Norway Opera House this Friday night, commencing at 8 o'clock P. M.

The doctor has spent four years in exploring Labrador and returned from there last year. He is an interesting speaker and his lecture is illustrated by moving pictures taken by him in that almost unknown land. The price of admission is low enough to insure a large attendance and all surplus above expenses will be given to the local Red Cross.

Liberty Loan Demonstration
Norway will have a big Liberty Loan demonstration Saturday afternoon. Auto parade will start promptly at 4 o'clock and end at the Norway National Bank about 5 o'clock, where there will be music and speeches. Howard D. Smith and clerk will sell bonds and the bank remains open until late in the evening.

At a meeting held Wednesday evening, Albert J. Stearns was chosen chairman and H. D. Smith secretary of the town committee to handle the Liberty Loan. Frank Kimball and Elton Brown, with others, will assemble the parade. A committee of twenty-five will start a house to house canvass probably Saturday morning, and the heads of every family will be approached. The allotment for Norway is \$40,000 and it can be raised if every person will sacrifice a little. We went over the top more than 40,000 in the last drive.

The women have been organized with Mrs. Inez Cummings as chairman. They will also make a thorough canvass.

Trolley Cars Come Running
The cars which have been running between Norway and South Paris for over 23 years, are soon to stop. Conditions have changed and road is no longer profitable. A less expensive means of transportation will be adopted. It will probably be an auto omnibus in summer and a horse-drawn vehicle in winter. Something must be had.

The closing of the road brings to mind the festivities of its opening, the first week in July, 1895, and we take from the Advertiser of that date the following:

First regular trips on Norway & Paris Street Ry. were made Monday. The conductors are Mel Sampson, Norway; F. A. Taylor, South Paris. Motorman, John D. Cole of Norway. C. F. Penley, South Paris. The first cars were run by experienced men from Augusta, who are giving instruction. Uncle Jonathan Whitehouse paid the first nickel, others to follow were Capt. Edmund Ames, Ansel Dinsmore, V. O. Rust Corp., No. 16, Tuesday. This district includes the Corps from Lovell, North Waterville, Hebron, Mechanic Falls, Bethel, Rumford, Sumner and Oxford. The meeting was called to order in the forenoon at 10:30 o'clock, with President James Richardson in the chair. Several Department Officers were present including Department Inspector, Clara M. Allen of Biddeford, Junior Department President, Mattie Mansur of Lewiston, Department Secretary Lena M. Day of Gorham, Past Department Inspector Mary S. Burns of Skowhegan, and Past Department Aid Alice Willis of Bethel. Delegations from Brown Corps, Bethel, T. A. Roberts Corps, Oxford, Hebron and West Sumner Corps were present. Custer Corps, Lewiston, the Corps from Caco, Biddeford, Gorham and Skowhegan were also represented. Owing to the downpour of the morning, the traveling was too bad for Lovell, North Waterville, Mechanic Falls and Rumford to attempt the trip. The Norway Corps exemplified the work. A picnic dinner was enjoyed at noon at the local cafe. Refreshing hot coffee, tea and milk. The afternoon session was called to order at 2 o'clock, and the remainder of the work taken up. Interesting remarks were made by the Department Officers, and representatives of the several Corps. The day was most interesting and profitable. During the afternoon, the sun appeared, making the home trip for the visitors more enjoyable.

The schools open the football season with a game at the fair grounds Saturday afternoon between Norway High and South Paris High.

Bartlett of Norway, a graduate of Norway High School, class of 1911, and of the Louisville College of Dentistry, Louisville, Ky., class of '18. He enrolled in the Medical Reserve Corps in '17, and is waiting for his call into the service. The daughter, Miss Haynes, is the daughter of Superintendent and Mrs. G. L. Haynes of Methuen, Mass., a graduate of Simmons College, and a member of the faculty this year.

I wanted potato diggers and Jim True helped out by saying I probably could get Oscar Needham or Shavey Noyes, who were, judging from appearance, out of employment at the present time and looking for work.

Mother had green tomatoes brought in by Fred Chandler. She didn't know exactly what to do with them. Those showing indications of ripening were put in the window and the balance in storage. I was waiting some useful purpose to be put on her to examine books of recipes and found 107 different ways to use them. She chose one that required the use of a meat grinder and got me to turn the crank. Onions were added for flavor, I suppose.

Five Entertainments
For the Benefit of the Red Cross of Norway and also to afford our people an opportunity of enjoying a course of high class entertainments a few patriotic and adventurous persons have engaged one of the Alber-Coit Bureau's talent of the first grade along musical and educational lines, to give five entertainments in the Opera House on the following dates viz: Oct. 10, Republic Quartet, Nov. 13, 14, Platt Jones, Dec. 13, The Pierces Jan. 4, Berkeley Sextet, Feb. 5, Chief Strongheart.

The Republican Male Quartet is one of the best before the public to-day and this is the personnel: Raymond Simonds, first tenor, banjoist and trombonist, Paul Thayer, second tenor and guitarist. Al Thayer is the personnel. Raymond Simonds, first tenor, banjo and mandolinist, Edwin Mitchell, second bass and pianist.

These gentlemen are not only vocalists but are also instrumentalists and actors. They will appear Oct. 10th.

The next in the course Nov. 13th comes, S. Platt Jones, entertainer, who has received citations from coast to coast. This is the only Jones that was "born not made." There is only one of him and he is the only Jones that can depict more characters in two hours and produce more roars to the minute than any other of the Jones family. The Press says that he is "unusually funny."

Thirdly, Dec. 13, we have "The Pierces", high class exponents of the Dramatic Art. Their repertoire is too extensive to put in these columns and besides they are too well known to need introduction.

The Alcyone Class will meet with Mrs. Baltzer next Monday evening, Sept. 30. This will be the regular business and social meeting.

I wanted potato diggers and Jim True helped out by saying I probably could get Oscar Needham or Shavey Noyes, who were, judging from appearance, out of employment at the present time and looking for work.

Mother had green tomatoes brought in by Fred Chandler. She didn't know exactly what to do with them. Those showing indications of ripening were put in the window and the balance in storage. I was waiting some useful purpose to be put on her to examine books of recipes and found 107 different ways to use them. She chose one that required the use of a meat grinder and got me to turn the crank. Onions were added for flavor, I suppose.

TO AILING WOMEN

A Little Sound Advice Will Help Many
A Sufferer in Norway

No woman should consider herself healthy and well if the kidneys are weak. Poisons that pass off in the secretions when the kidneys are well, are retained in the body when the kidneys are disordered. If the kidneys and bladder become inflamed and swollen, worse troubles may quickly follow. This is often the cause of bearing-down pains, lameness, backache, etc. Uric poisoning is also frequent cause of headaches, dizzy spells, languor, nervousness and rheumatic pain.

When suffering so, try Doan's Kidney Pills, a remedy that has proven effective in thousands of cases. Let a Norway woman tell of her experience.

Mrs. A. L. Sanborn, Beal street, says: "I am perfectly satisfied Doan's Kidney Pills are a dependable medicine to relieve ailments resulting from disordered kidneys. I used them a few years ago and gave them a thorough trial. Since then I have had no return of kidney complaint and on that account I place a great deal of confidence in Doan's."

We still have in stock nearly two cars of these shingles that we are selling at the price of a year ago. The cost is but little higher than ordinary wooden shingles. Having from two to four shingles in a strip, they can be laid much cheaper and are more durable besides making a much more ornamental roof, resembling tile. What is much more important, they are so slow burning as to be practically fireproof. A wood shingle roof is a firetrap and is not allowed in many localities governed by fire regulations. Now is the time to lay these shingles before cold weather. When they are gone, there will be no more at the present price.

HEALTHY BOWELS

Nine-tenths of human sickness, from infancy to old age, comes from stomach or bowels being out of order.

Headaches, tired feeling, nervous depression, weakness, spots before the eyes, bad breath, sleeplessness, irritability, dizziness and many other signs of sickness stop, if you treat the stomach and bowels right and get them into working order.

The prescription, known as Dr. True's Elixir, has done wonders for sick people, men, women and children, because it is the one remedy that you can rely on to set things right in the stomach and bowels.

Sold by all druggists, big or little, everywhere. Druggists, as a rule, are very honest. They do not try to substitute something else for Dr. True's Elixir, because they know its value. Many druggists use it in their own families.

HEBRON

Academy Boys in Casualty List
Corporal Sturgis Durgin of The Forks,
recently reported severely wounded in ac-
tion, was a graduate of Hebron academy,
in the class of 1912. At school he was
very popular with his fellow students,
and attained some prominence in ath-
letics. For two years he was a member
of the school foot-ball team, playing at
guard and tackle positions. He is the
seventh Hebron boy to be mentioned in
the casualty lists.

Three young Americans who claim He-
bron as their alma mater have made the
supreme sacrifice. Corp. Harold An-
drews, 1914, of Portland, was one of
101st Engineers to fall at Cambrai last
November. Corp. Harold Jackson of
Bryant Pond was killed during the early
phase of the German offensive last spring.
Corp. Albert Lavorgna, 1913, of Canton,
gave up his life on the opening day of
Foch's great counter-offensive, which
developed into the second battle of the
Marne. Before Durgin sustained his in-
juries three Hebron boys had already re-
ported as seriously wounded: Julian E.
Gray, 1914, of Lubeck, who fell 1500 feet
from an airplane in the Italian Alps and
is now recovering in a Paris hospital;
Harland Rowe, 1914, of Springvale, who
is recovering from the effects of mustard
gas; and Weldon G. Tibbets of Calais,
who suffered disabling wounds in the Pic-
ardy fighting. One graduate of the
academy, Robert G. Hutton, 1915, at
Bath, has been decorated with the Croix
de Guerre.

Oxford United Baptists
The Oxford County United Baptist As-
sociation held its annual meeting at the
Hebron Baptist church last week. In
spite of the inclement weather, the open-
ing day saw an attendance of 75.

The general theme was "The Local
Church and the Kingdom of God." The
Tuesday session was devoted largely to
business. President H. M. Purington of
Mechanic Falls presiding. The evening
service was under the direction of the
young people's association, of which Rev.
T. M. Griffiths of Hebron is the leader.

The afternoon session opened with a
devotional service led by Matilda Utecht,
one of the Baptist state missionaries, fol-
lowed by a "woman's hour," in charge
of Miss A. J. Gwynne, acting in the ab-
sence of Mrs. H. M. Purington. The
home mission work was represented by
Sarah Oakes of the Math school, Best
Fort, S. C. Her address was most inter-
esting.

Though the school is absolutely with-
out endowment, even in this time of phe-
nomenally high prices, the cost of educa-
tion at the school is \$5.25 a year.

Martha Mixer of Rumford spoke on the
Ocean Park Missionary Educational Con-
ference and School of Methods. The
latter is the new system for training
Sunday school teachers in the latest meth-
ods. Miss Mixer herself the success-
ful superintendent of the large primary
department of the Baptist Sunday school
at Rumford.

Dr. I. B. Mower of Waterville secretary
of the Maine Baptist convention gave an
interesting discussion of the State mis-
sionary work, particularly with foreign-
ers.

One of the most interesting features of
the program was the address of Rev. H.
L. Frost of Balasore, India. He gave
vivid descriptions of Hindu life, re-
specting the need for religion and ed-
ucation among the superstitious, idol wor-
shipping natives, and made a stirring
appeal for sustained and increased in-
terest in all foreign missions.

After partaking of supper, served by
the ladies' circle, the convention guests
visited the lecture academy. Services were
resumed with a praise service led by
Rev. T. M. Griffiths and featured by a
soprano solo by Mrs. Howard Glover.
Under the general topic of "The Local
Church and the Young People," addresses
were delivered by Ernest Crockett of
South Paris, Mervin Millett of Nor-
way and Miss A. J. Gwynne of Paris
Hill.

The guests were entertained Tuesday
night in the homes of the community.

HARKEN BACK ON THE PAST

Twenty-four Years Ago This Week
Whitmarsh-Sampson

A very pretty home wedding occurred
at the Elm House, Tuesday morning, the
contracting parties being Mr. W. Sam-
pson, Norway's well-known and popular
barber, and Lizzie C. Whitmarsh, daugh-
ter of Col. and Mrs. W. W. Whitmarsh,
the genial landlord and landlady of the
Elm House. The bride is a graduate of
the Norway High School, is a most es-
timable young lady and her friends here
where she has always lived are legion.
Only the members of the families of the
groom and bride were present at the mar-
riage, which was performed by Rev. C. E.
Angell of the Universalist church. They
thought to avoid the fun loving young
people by taking the train at South
Paris instead of at the Norway depot but
the young people were there when the
bridal party arrived with ten pounds of
rice and other well-wishing articles in
abundance, and it has almost been sup-
posed that the sounds of the falling rice,
etc., and congratulations strangely inter-
mingled.

P. S. Mr. and Mrs. Sampson reside
with Mrs. Sampson's parents on Bridge
Street.

O. M. Cummings has moved his fam-
ily into their new house on Danforth St.
Prof. John Currier is giving Acrobatic
Exhibitions at the several fairs assist-
ed by Master Eddie Burton, contorion-
ist and rope walker.

The bell for the Congregational Church
has arrived. It weighs 1220 pounds.
The bell for the town clock is a 1200
pound bell.

Indian Remains

Geo. L. Noyes and H. D. Cole recently
opened the graves on the river bank in
the Pine Grove known as the Olcott
Brown graves. It has always been sup-
posed that there were Indians graves here
as some were there before the settlers
came. They found eight Indian skele-
tons wrapped in birch bark. There was
without doubt an Indian settlement on
the plains and banks of the river back of
the Pine Grounds for time to time bones
and Indian relics have been dug up here.
One of the skeletons had a hole through
the skull that looked to be a bullet hole.
Some of them were only about eighteen
inches below the surface and the others
deeper. Charcoal and what looked to be
a pipe were found with the bones. Beneath
each grave. The skeletons all faced the
West and were in a sitting posture.
They were of various sizes, some large
and some small. The arms were crossed
over the breast and the knees drawn up
close to the body.

Is Your Home Protected?

This matter of lightning rods should be a personal one with you.

Is your home protected? If not, can you afford to take the chances of its destruction?

You may have been spared up to this time, but give it a moment's thought and see whether it has not been through your good fortune rather than through your good management.

You have no assurance that lightning will continue to spare you.

It has visited your neighbors. Your turn may come next. If it should visit your home, it means certain destruction of property. It may mean sudden death to you or to some member of your family.

You cannot shift the responsibility. It is a matter for you to decide. Face the issue squarely and ask yourself the question whether you are playing the part of the prudent man in neglecting to guard your home and dear ones from the lightning stroke which may come at any time.

You have the highest assurances that can be given the Dodd System of Lightning rods does give protection.

It is a reasonable system. The demonstrations put its effectiveness beyond question.

The position that the insurance companies have taken in the matter should have great weight with you.

Their interests are to preserve property. They have no personal interests in Dodd & Struthers.

Your interests are the same. You want to preserve your property—and your life and the lives of your family.

The insurance companies are encouraging you to protect your property.

But they cannot force you to act. It is a question for you and a question of NOW.

After awhile may be too late. Will you answer the question to your own best interest?

Then if in doubt, telephone to A. W. Walker & Son for a demonstration, and estimate on your buildings.

Benjamin Heald
For the first time since this war began, death has entered our town and taken one of our Camp Devens soldiers' boys, Benjamin Heald, better known in town as Ben Heald of Heald's Lake.

Mr. Heald was home on a vacation and returned to camp two weeks to a day from the day of his funeral, well and strong except he had some cold and soon after reaching camp he was taken sick and died with pneumonia.

Benjamin was the son of Mr. and Mrs. Ira Heald and was born in Lovell, July 2, 1889 and attended the common school in this town, has always lived with his parents and working in their mill and on the farm with his father and brother, and for several summers he has worked for Mrs. Lyon's in Boulder Brook Camp.

Lake Kezar, until this summer he stayed at home until the government called him for service. On last October 17, he married Margery Woodrow of Sweden.

Benj. was quiet and unassuming in his manners with a desire to advance in everything useful. Besides his parents to mourn the loss is a wife, two sisters, Mrs. Arthur Fox, in a Boston Hospital, Mrs. Bessie Barker of Fryeburg, a brother Ivan, a soldier in Maryland, who came from there to his brother's funeral and a half sister, Mrs. Harriet Taylor of Heald's Lake, several aunts and uncles, nieces and a nephew besides many friends.

The funeral was held Sunday at his home, conducted by Rev. Mr. Graham of South Bridgton speaking beautiful words of comfort to the family.

The bearers were Less Cushman, James Kilgore, Herbert McKee and Irvin Stanley, members of the order of I. O. O. F. The flowers were many and beautiful and the Red, White and Blue flag also the service flag showed the love for the nation and kind thoughts towards him.

WOODSTOCK
Mrs. Sarah Howe

On Sunday last, Mrs. Sarah Howe passed away at the home of her son, William Howe. She was the oldest lady in our town and had nearly reached her four score and ten years of life.

Mrs. Howe had been in failing health for many months and on this Sabbath evening, quietly and peacefully came the change. Out of the fullness of years she passed to a higher life, a beloved mother and friend. In the old neighborhood which had been her home for nearly seventy years, she was almost the last to survive of its older associates and residents. From within the circle of that little community had passed out in the years of her life, there, many, very many, of the old friends and neighbors of early years.

She was a grand-daughter of Solomon Bryant, one of the first settlers of Woodstock, and who came up the Common Hill road with his family in the fall of 1798 and occupied to the East of this highway, probably the first log house built in the town.

Mrs. Howe was the daughter of Mahalor and Lydia A. (Chase) Bryant, and was born in Woodstock, July 27, 1830. Of her father's family, three are yet living, two as residents of the town and one at Cumberland. In 1857 she married Isaac Howe of Greenwood whose death occurred nine years ago. Of their children, six now survive, three sons and three daughters, besides there are several grand-children.

The funeral was held at the Universalist church on Tuesday morning, attended by the Rev. H. H. Hathaway of West Paris. Burial in the family lot at Lakeside Cemetery.

Reception to Sergt. Witham

About eighty members of Norway Lodge, Local Order, centered Sergt. Lester Witham at their regular meeting Friday evening. The degree team exemplified the work to show their progress since he was a member some eighteen months ago.

Supper was served with music furnished by Frederick M. Davis, violin, and Harold Anderson, piano, after which the assembly listened intently to Sergt. Witham's informal talk on the war. The speaker confined his remarks especially to Co. D as all were anxious to learn the inside story from the first Norway boy to return from the French front.

Sergt. Witham held the closest attention more than an hour with a word picture of the company from the time they embarked on a U. S. port until he left Norway several weeks since. He described the German gas, liquid fire, grenade warfare, experiences of going over the top and side lights concerning camp life not generally known. He took no credit to himself, but spoke in the highest terms of the Co. D boys who have earned everlasting fame in his terrible war. Sergt. Witham's remarks were volunteered at the Norway Armory and joined the Company at Saco, was also present and added to the story as it progressed. He was returned to this country as instructor and had finished a short furlough with his parents at Bethel.

Sergt. Witham has been intensely interested in military affairs for a number of years. He saw service with Co. D, 2d Me. Regt., on the Mexican border and left Norway with the same outfit in 1917 as Corporal. His promotion to Sergeant came overseas, and it is understood that other advance will be forthcoming soon.

Severely Wounded

Official information has been received by Mrs. Clifford C. Frost that her brother, Sergt. Albert C. Brackett, was severely wounded while in action July 23d.

Sergt. Brackett is the son of Mr. and Mrs. Charles C. Brackett of Harrison, but has lived in Norway being employed in the sled factory at South Paris and at the shoe factory in Norway and is well known.

He was a member of Company D at the time of the Mexican trouble and went with them to the border, doing duty until the company were called home. He stayed with the company and when the call came, he was one to go with them overseas, and has been proud to do his part.

Mr. Hills was a tinsmith and hardware dealer. He has served many years in town offices as well as in the Masonic lodges of Knox County, and was a constant attendant at the Universalist church.

Mr. Hills was well known in Norway, having frequently visited at his son's.

Killed His Wife

Charles E. Chapin, former editor of the New York Evening World, who shot his wife in their apartments in the Hotel Cumberland in New York, has spent his vacations at the Don C. Seitz farm, E. W. Hutchins, manager, at Norway. A year ago this summer he and his wife were both there.

After killing his wife he failed to carry out his plan to commit suicide and later surrendered to the police. Four years ago he made plans to end the lives of himself and wife in Washington and he also said that he had gone to Maine last June to commit suicide, but had decided it was unfair to leave his wife behind.

Campaign to Check Influenza

Albert McCreedy, local representative of the Metropolitan Insurance Co., has been instructed to assist in the campaign to stamp out the Spanish Influenza epidemic now raging in New England. Policy holders and others are urged to avoid crowded places where there is danger from coughing and sneezing. Persons stricken with influenza, sore throat, sore, sneezing, reddening of the eyes, go to bed and call a physician. Persons in ordinarily good health respond to treatment readily with nothing to fear. Exercising in the fresh air and sunshine with regular habits regarding sleep and eating are the best preventive measures.

Harry Thurlow, who distributes gasoline for A. W. Walker & Son, says, more than a thousand gallons of gas has been saved in Norway and Paris, by giving up Sunday motoring.

Mother has had a bad apple given her. Mrs. Walter Mann told her she might have all she would gather from the tree. She had a pretty liberal allowance and is now trying to convince me she can get them into eatable shape without "using very much sugar." Maybe they are sweet car apples, but I never knew of such a variety. Mrs. Mann has a lot of them and is giving them away and if you want some, you had better call on her.

Mr. and Mrs. Angus H. McDonald, who have been spending a week with Mrs. William C. Cole motored to York Beach Saturday for a short stay before returning to their home at Harrison.

John C. Cole returned to Boston Saturday after enjoying his annual two weeks' vacation visiting relatives and friends.

Dorothy Pratt, the young daughter of Mr. and Mrs. Roy Pratt, found the gold wrist watch and bracelet by Dorothy's father, at the Charles A. Richardson fire, August 9. The case was dented, the crystal broken and minor repairs will be needed to get it into running condition. The watch was found by the roadside opposite the Richardson ruins.

Mrs. A. S. Kimball spent several days with her cousin, Mrs. Elizabeth Houghton in Portland, and visited Stella and Helen Pike at Old Orchard during her stay last week.

IN MISERY FOR YEARS

Mrs. Courtney Tells How She Was Cured by Lydia E. Pinkham's Vegetable Compound.

Oskaloosa, Iowa.—"For years I was simply in misery from a weakness and awful pains—and nothing seemed to do me any good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and got relief right away. I can certainly recommend this valuable medicine to other women who suffer, for it has done such good work for me and I know it will help others if they will give it a fair trial."

—Mrs. LIZZIE COURTNEY, 108 8th Ave., West, Oskaloosa, Iowa.

Why will women drag along from day to day, year in and year out, suffering from such ailments as Mrs. Courtney, when such letters as this are continually being published. Every woman who suffers from displacements, irregularities, inflammation, ulceration, backache, nervousness, or who is passing through the change of life should give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

Storm Windows and Doors

James J. Storrow, New England Fuel Administrator, says:

We ask you to impress on the householders of your community the necessity of being extremely frugal in the use of coal. In general, coal saving is promoted in the ordinary dwelling by storm windows and doors.

We Say:

Orders for storm windows and doors are already being placed in order to secure them in ample time. The demand is bound to be large and prices as low as they will be with the chance of being higher. It takes some little time to make them and now is the time to order.

The best way to save flour is to use only the highest quality for all the baking you do. It means "good luck," less waste and real economy in food value.

My choice of all flours is WILLIAM TELL. The rich limestone soil of the Miami Valley in Ohio which grows the wheat from which WILLIAM TELL is made, gives it a delicious flavor and wonderful baking qualities. It takes the ache out of bake and puts the flavor in.

Uncle Sam is helpless to provide the soldiers and their equipment, without your money. By foregoing luxuries we have saved huge sums which have already become the means of turning the tide in our favor. This Liberty Loan may be the means of freeing millions from the iron hand of autocracy.

DENTAL SCHOOL

Equipment: The best and most up-to-date of any school of its kind. Laboratories, operating rooms and entire building have every faculty for thorough work.

Instruction: Leading dentists in Boston and vicinity have charge of this work. Association with these men is invaluable, not only from a technical point of view, but in a practical way.

War Service and Opportunity: The demand for graduates of this School is steadily on the increase, and this demand is certain to continue after the war. Big opportunities are open to help wounded soldiers and fill the place of dentists who have entered the service. Present conditions offer a chance for rapid advancement. The merchandise that has been assembled to supply the requirements of the autumn and winter months is now very completely represented and we would emphasize the fact that it has been chosen with keenest discrimination and care as to the actual needs in this community. Moreover, the ideas of presenting opportunity for the practice of economy that is real, that is sensible and reasonable has been uppermost and foremost in our plans.

One would naturally expect a store like this, with its equipment and its resources, to be in a position to lean upon in times of stress.

It is just this service that we are prepared to render in an unqualified measure.

AS PROMINENT EXAMPLE, we would draw attention to our good stock of

Jonathan Fairbanks Bryant
Jonathan Fairbanks Bryant died at the home of his oldest daughter, Mrs. W. H. Emery, Sunday afternoon, Sept. 25, 1918. Mr. Bryant's father was Reward Bryant of South Paris where he was born, Jan. 29, 1844. He married Laura Ferren of Errol, N. H., and they first made their home in Colebrook and later in Errol. Four daughters and one son were born to them and while there Mr. Bryant was a farmer and in winter did cooking in the woods for the lumber camps. He served his country during the civil war nearly three years or until the close of the war and a member of the Co. D 16th Maine Regiment. Mrs. Bryant died about thirteen years ago and most of the time since then he has spent with his children going to the Soldiers' Home in Togus for the winters. Last winter he went as usual but in December he was taken sick with paralysis and sent for his daughters to come for him which they did and he has remained here ever since. He recovered sufficiently to be out around the streets again. A little over a week ago he was taken worse again from which he could not rally.

He was a kind husband and father, a respected citizen and loyal to his country. He was a member of the Androscoggin I. O. O. F. of Milan, N. H. His son Gustavus Bryant died about fifteen years ago. His daughter whom he has left are May B. wife of W. H. Emery, Maud L. wife of S. I. Wheeler of West Paris, Rose, wife of James Boyce of South South and Eva wife of John Kennagh of Bethel. Hathaway officiating. "The Homeland" and "Crossing the Bar" was sung by the choir. The Odd Fellows attended in a body and acted as pall bearers. Two old soldiers only who were able also attended. There were three beautiful floral pieces and several bouquets of flowers, also the large flag draped in loving evidence around the casket.

They stood beneath an archway of hydrangeas and autumn leaves attended by the brides sister, Belva as bridesmaid and brother, Bernard as best man while Rev. H. H. Hathaway performed the double ring service.
